## Water Shut-off Guidelines

Water mains in the garden style condos serve between 12 and 36 units, depending on the building. For non-emergency plumbing tasks that require turning off the water in your building, please be courteous to your neighbors and remember the following guidelines:

- Contact [Property Manager](#) at least 5 days in advance to coordinate the shut-off time and allow time to post notices in multiple buildings
- The board will post notices at entrances at least 72 hours in advance
- Water **may not be shut off before 9:30 am or after 4:00 pm**
- Water **may not be shut off on weekends or holidays**
- Water **may not be shut off for more than 3 hours**, except for repairs to supply pipes. Work with your plumber to minimize the impact of shut-off time and length.
